"OPEN DOORS"

Thirteen years ago Potosi Schools opened their doors to the Class of 1983. As we continued through grade school, we proceeded to open doors to new experiences. Then we opened yet another door--a door to the best years of our lives --the door to the life of students at Potosi High School. Here each of us chose special areas and organizations.

We owe a great deal to the faculty. Without the patience and dedication of the teachers, coaches, and school board, we would have endured our high school years instead of enjoying them.

Thank you, parents, teachers, coaches, and administrators for opening doors to our future.

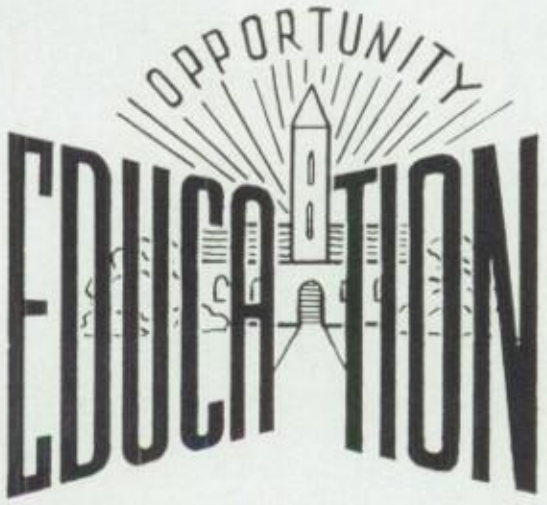
GUIDANCE COUNSELOR



Certainly there was work; there is no doubt about that. There were times when we thought there was nothing else, but take a minute to reflect. There were good times too. Fortunately, it will be the good times that we best remember. There was a time for meeting other people, sharing ideas and philosophies. There was time for excitement and activity. There was time to lean back and relax. Faculty members and the administration opened up many doors for us as we passed through the doors of Potosi High School these past four years.

It takes hard work and dedication to be a good cheerleader just as it does when participating in any other sport. This past year has been filled with much joy and sorrow. Most of the joy comes in knowing that we were fortunate enough to take an active part in the sports program. Cheerleading Camp was a chance to prove our talents and learn new cheers and techniques. The sorrow comes when we realize our days as cheerleaders are a part of the past.
